PARROT ADOPTION EDUCATION PROGRAM

ADOPTION CONTRACT

Adoption is not complete until all fees are paid in full. Until such time the bird/items remain property of PAEP.

Our mission is to help displaced and unwanted exotic birds find safe, loving homes. We do this by educating people: first how to choose the correct bird for their family and lifestyle; secondly, we teach them the proper diet, housing and how to have fun with each other. We offer phone consultations and home visits to help with behavior problems. Lastly, as the final resort, we offer taking in their bird that they feel they can no longer care for, and find them a new home.
